Motion by Scott and seconded by Byron to pay bill for stamps. Motion Passed.

Treasurer report.
Leigh has found receipts.
Tara gave out Meeting Dates and places through December. See attached sheet.

Fred reported on upcoming Conference images and asked for ideas on topics for conference. A sheet was sent around to obtain ideas for the conference, results will be published later.
There was a long Discussion about the contents of conference and subject matter for the seminars.
We are still looking for a site to hold this year's conference
Charlotte suggested something on irrigation would be interesting and would draw a lot of attention.
Judy suggested shorter talk times. Glenn said for Training sessions, longer times might be needed and a enforcement officer might be asked to give a talk.
Glenn discussed program development and reviewed how the Health Departments Sanitary Surveys work.
Charlotte suggested the web site be used to ask for and get ideas for subjects to be used at conference
Discussion on enforcement of device installations by water departments and more consistency in regulations be used through out State.

Lunch Break at 12:00

Meeting back order at 12:45
Gary gave presentation on both web sites

Glenn gave good presentation of BPECC. The origination in 1985 and a time frame of its progression through the years. Glenn also reviewed the function of BPECC and its coordinating efforts with CBPA on continuing education for both water suppliers and testers.

Meeting adjourned at 1:30 pm
