

The logo features a red circle on the left containing a blue and white yin-yang symbol. To the right of the circle, the word "olorado" is written in a bold, black, sans-serif font, with the first letter 'C' missing. This text is enclosed in a black rounded rectangular border. Below this, the words "Backflow Prevention Association" are written in a larger, bold, black, sans-serif font.

olorado Backflow Prevention Association

Minutes
May 19, 2004

Meeting was held at the Town of Castle Rocks new Recreation Center, 2301 Woodland Blvd., Castle Rock, Colorado.

Those present include:

Leigh Fenton – Town of Castle Rock – President of CBPA
Gary Edwards – City of Aurora – CBPA Webmaster
Mike Hayes – City of Aurora
Cory Spengler – Backflow Consulting – CBPA Secretary
Bob Stevens – Denver Water
Rob Smith – Colorado Springs Utilities
Byron McElhinney – City of Golden
Dan Esselman – Denver Water
Louise Carkenord

Meeting was called to order at 9:20 a.m. by Leigh Fenton.

Some correction on the spelling of names of attendees in the minutes at the March meeting in Pueblo.

Motion to approve April minutes as amended by Byron McElhinney, second by Gary Edwards.

No Treasurer's report.

CBPA's On-line library list is still in the works. ABPA National does also have a library and that information is available on-line.

Annual Conference Planning

Dates are October 28 and 29 at DIA Holiday Inn (same place as last year).

We will move to a 2 day conference with the 2nd day optional working lunch sessions.

There has been some discussion with Charlie Sullivan about maybe doing a short video seminar on proper testing of backflow devices on fire systems.

Leigh has spoken to Jim Purzeki about a possible repair seminar and Henry Chang with USC has agreed to participate if requested.

We continue to search for new topics of interest – possible talk about transient spikes (Gary Edwards heard a presentation about this and found it very interesting).

Possible topics include:

- States adoption of IPC 2005; impacts?

- Conference agenda items

- Homeland security session – awareness

- Food service industry – (George with Tri County Health)

- Program enforcement – Round Table

- Standard installations – (Jim Crump's drawings – possibility?)

- Putting backflow prevention programs in a good light to consumers.

- Irrigation – Installation, loops and properly winterizing

Craig with the Dillon Company will help us get a list of Irrigation Organizations –

We need to find a good resource for National Cross Connection Control Updates.

There was some discussion about offering a survey class (Ken Ashocke)

Meeting adjourned at 11:35 a.m.

Cory Spengler

Colorado Backflow Prevention Association Secretary
