Treasurer’s Report – See Treasurer

Current membership stands at 218.

Leigh asked for volunteers to spearhead a Membership Drive, it is usually the responsibility of the Treasurer. Cindy Mead is unable to do it at the time. This may fall to the new Board to follow up on.

The October newsletter was not mailed out, it will be included in the Conference Packet.

There was some discussion about the Harington/Arthur BPMA/ABPA Joint Venture Scholarship Essay. Perhaps doing a local scholarship award with it was mentioned. The discussion was tabled until after the Conference.

Mike Hayes suggested maybe adding a kid-page to our websites, links to existing backflow sites on the Internet. These items will be added to the November agenda.

Brad Prochnow will look into Evening Meeting Development.

Leigh mentioned the possibility of doing some satellite location training, there has been some inquiries about that possibility

Request from Leigh for people to be thinking about who they might nominate for the Board that would be willing to serve. Have nominations ready for the November meeting.

There was some last minute discussion about the conference and the addition of a speaker on amendment #34.

Your Secretary had to leave at 11:00, I don't think the meeting lasted too much longer.
