

The logo features a stylized 'C' containing a yin-yang symbol, followed by the word 'Colorado' in a bold, sans-serif font. Below this, the words 'Backflow Prevention Association' are written in a smaller, bold, sans-serif font.

Colorado Backflow Prevention Association

NORTHERN SUBCHAPTER NEWSLETTER

January 28, 2004

Colorado Backflow Prevention Association
Northern Subchapter
2218 Laporte Ave.
Fort Collins, CO 80521

Greetings!

Everyone is invited to the Spring 2004 meeting of the Northern Subchapter of the Colorado Backflow Prevention Association. The meeting will be held on Wednesday, February 11, 2004 at the City of Fort Utilities Service Center, 700 Wood Street, at 6:00 pm. The door will be locked at 6:30 p.m., due to security measures. If you are late please call John Nelson at 970-222-3639 and he will open the door for you.

The meeting will be an **open topic** round-table format. So come and bring your own questions, suggestions and concerns about anything related to backflow. There will be representatives from the CBPA, local governments, and the landscape and plumbing industries present to answer questions.

Join in a discussion of the **outcome of the October 7, 2003 meeting** on permit requirements for installing, repairing and replacing backflow devices.

There will be pizza or sandwiches and sodas for anyone who is hungry. A voluntary donation to help cover the cost of the food will be appreciated.

This meeting is open to the public, and **you do not need to be a member** of the CBPA to attend. Hope to see you all there!
